Advisory Services

The MedSec Partner Program is a unique subscription model that will replace individual engagements and provide a scalable support system.

Integrated advisors who know your business.

Benefit to Your Organization

- Trusted partner relationship with advisory staff who know your business and have context of ongoing issues
- Ability to leverage MedSec depth of knowledge and breadth of visibility to help drive good decisions and approaches
- Ongoing support system enables rapid response to concerns as they arise
- Streamline decision making and reduction of “decision paralysis”

Maintenance is Always Better than Repairing

- **Avoid waiting for support.** Ongoing availability encourages quick check-ins
- **Drives Harmonization.** “single source of truth” to support all divisions helps to amplify and align with Corp PSO directions and leadership
- **Lower Administrative Issues.** No more ongoing SOW review and approval

Member Special Events

- Presentations
- Training
- Member-only Conference

Preferred Pricing on Top Services

- Threat Model Creation, Process Development, and Training
- Risk Management Process Development and Support
- Technical Design Support
- Penetration Testing
- Program Maturity Assessment
- Source Code Analysis
- Incident Response Tabletop Exercise (TTX)
- Virtual PSO

Choice of membership tiers scales services to fit your needs.
